

FLIGHT ENGINEERING SOLUTIONS

OUR COMPANY

Flight Engineering Solutions (FES) is a company dedicated to connecting clients with the premier maintenance services in America, including preventive, corrective, and repair solutions for aircraft.

Founded by aeronautical engineers and professionals based in Bogotá, Colombia, we aspire to be your trusted partner in finding the highest quality maintenance for your fleet.

GUARANTEE AND SAFETY

At **FES**, airworthiness is our foremost priority. Our commitment to excellence is reflected in the rigorous quality controls we implement, in accordance with international regulations.

We provide reliable service and ensuring safety, with the goal of extending the lifespan of your aircraft and optimizing their performance.

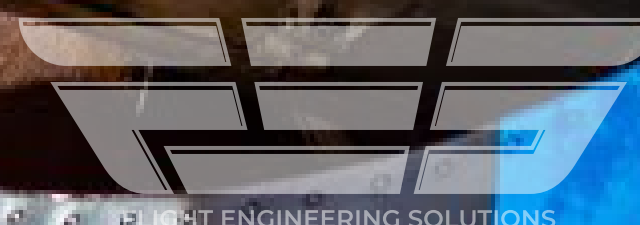

EXPERIENCE AND SUPPORT

Our expert team provides personalized solutions tailored to our clients' needs.

We represent leading brands in the aeronautical industry and maintain relationships with our suppliers worldwide.

OUR VISION

To be the preferred option in Latin America for MRO services, driven by innovation, operational excellence, a commitment to aviation safety, and a focus on human value.

OUR MISSION

To provide high-quality maintenance, repair, and overhaul services to the Latin American aviation industry, using advanced technology and a team of highly trained aeronautical engineers, contributing to the success of our clients and the sustainable development of the aviation industry

SLOGAN

Your aeronautical repair partner in LATAM.

OUR VALUES

- **Excellence:** We strive to exceed expectations in every service, ensuring the highest quality and precision in our operations.
- **Innovation:** We adopt and implement advanced technologies to continuously improve our processes and services.
- **Safety:** Aviation safety is our top priority, and we work tirelessly to maintain the highest standards in all our activities.

OUR VALUES

- **Integrity:** We act with honesty and transparency in all our interactions, building trust with our clients and partners.
- **Commitment:** We are dedicated to the success of our clients and the sustainable growth of the aviation industry.
- **Teamwork:** We foster a collaborative and respectful environment, recognizing that our achievements result from the combined efforts of our team.

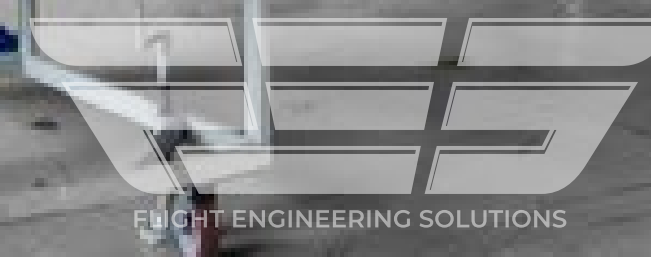

MRO'S SERVICES

We offer a comprehensive range of maintenance, repair, and overhaul services approved by FAA and EASA certifications designed to meet all of our clients' needs. This includes the following:

- **Maintenance**

We provide a service that focuses on meticulous detail to identify potential issues before they escalate into risks. We carefully consider maintenance orders and employ advanced technology to ensure the accuracy of every diagnosis.

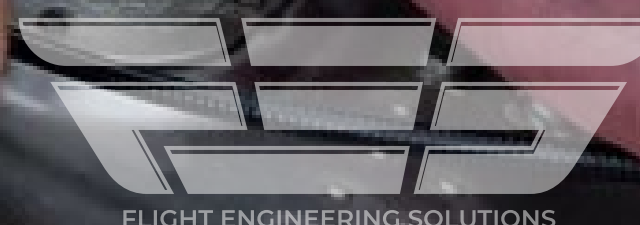

MRO'S SERVICES

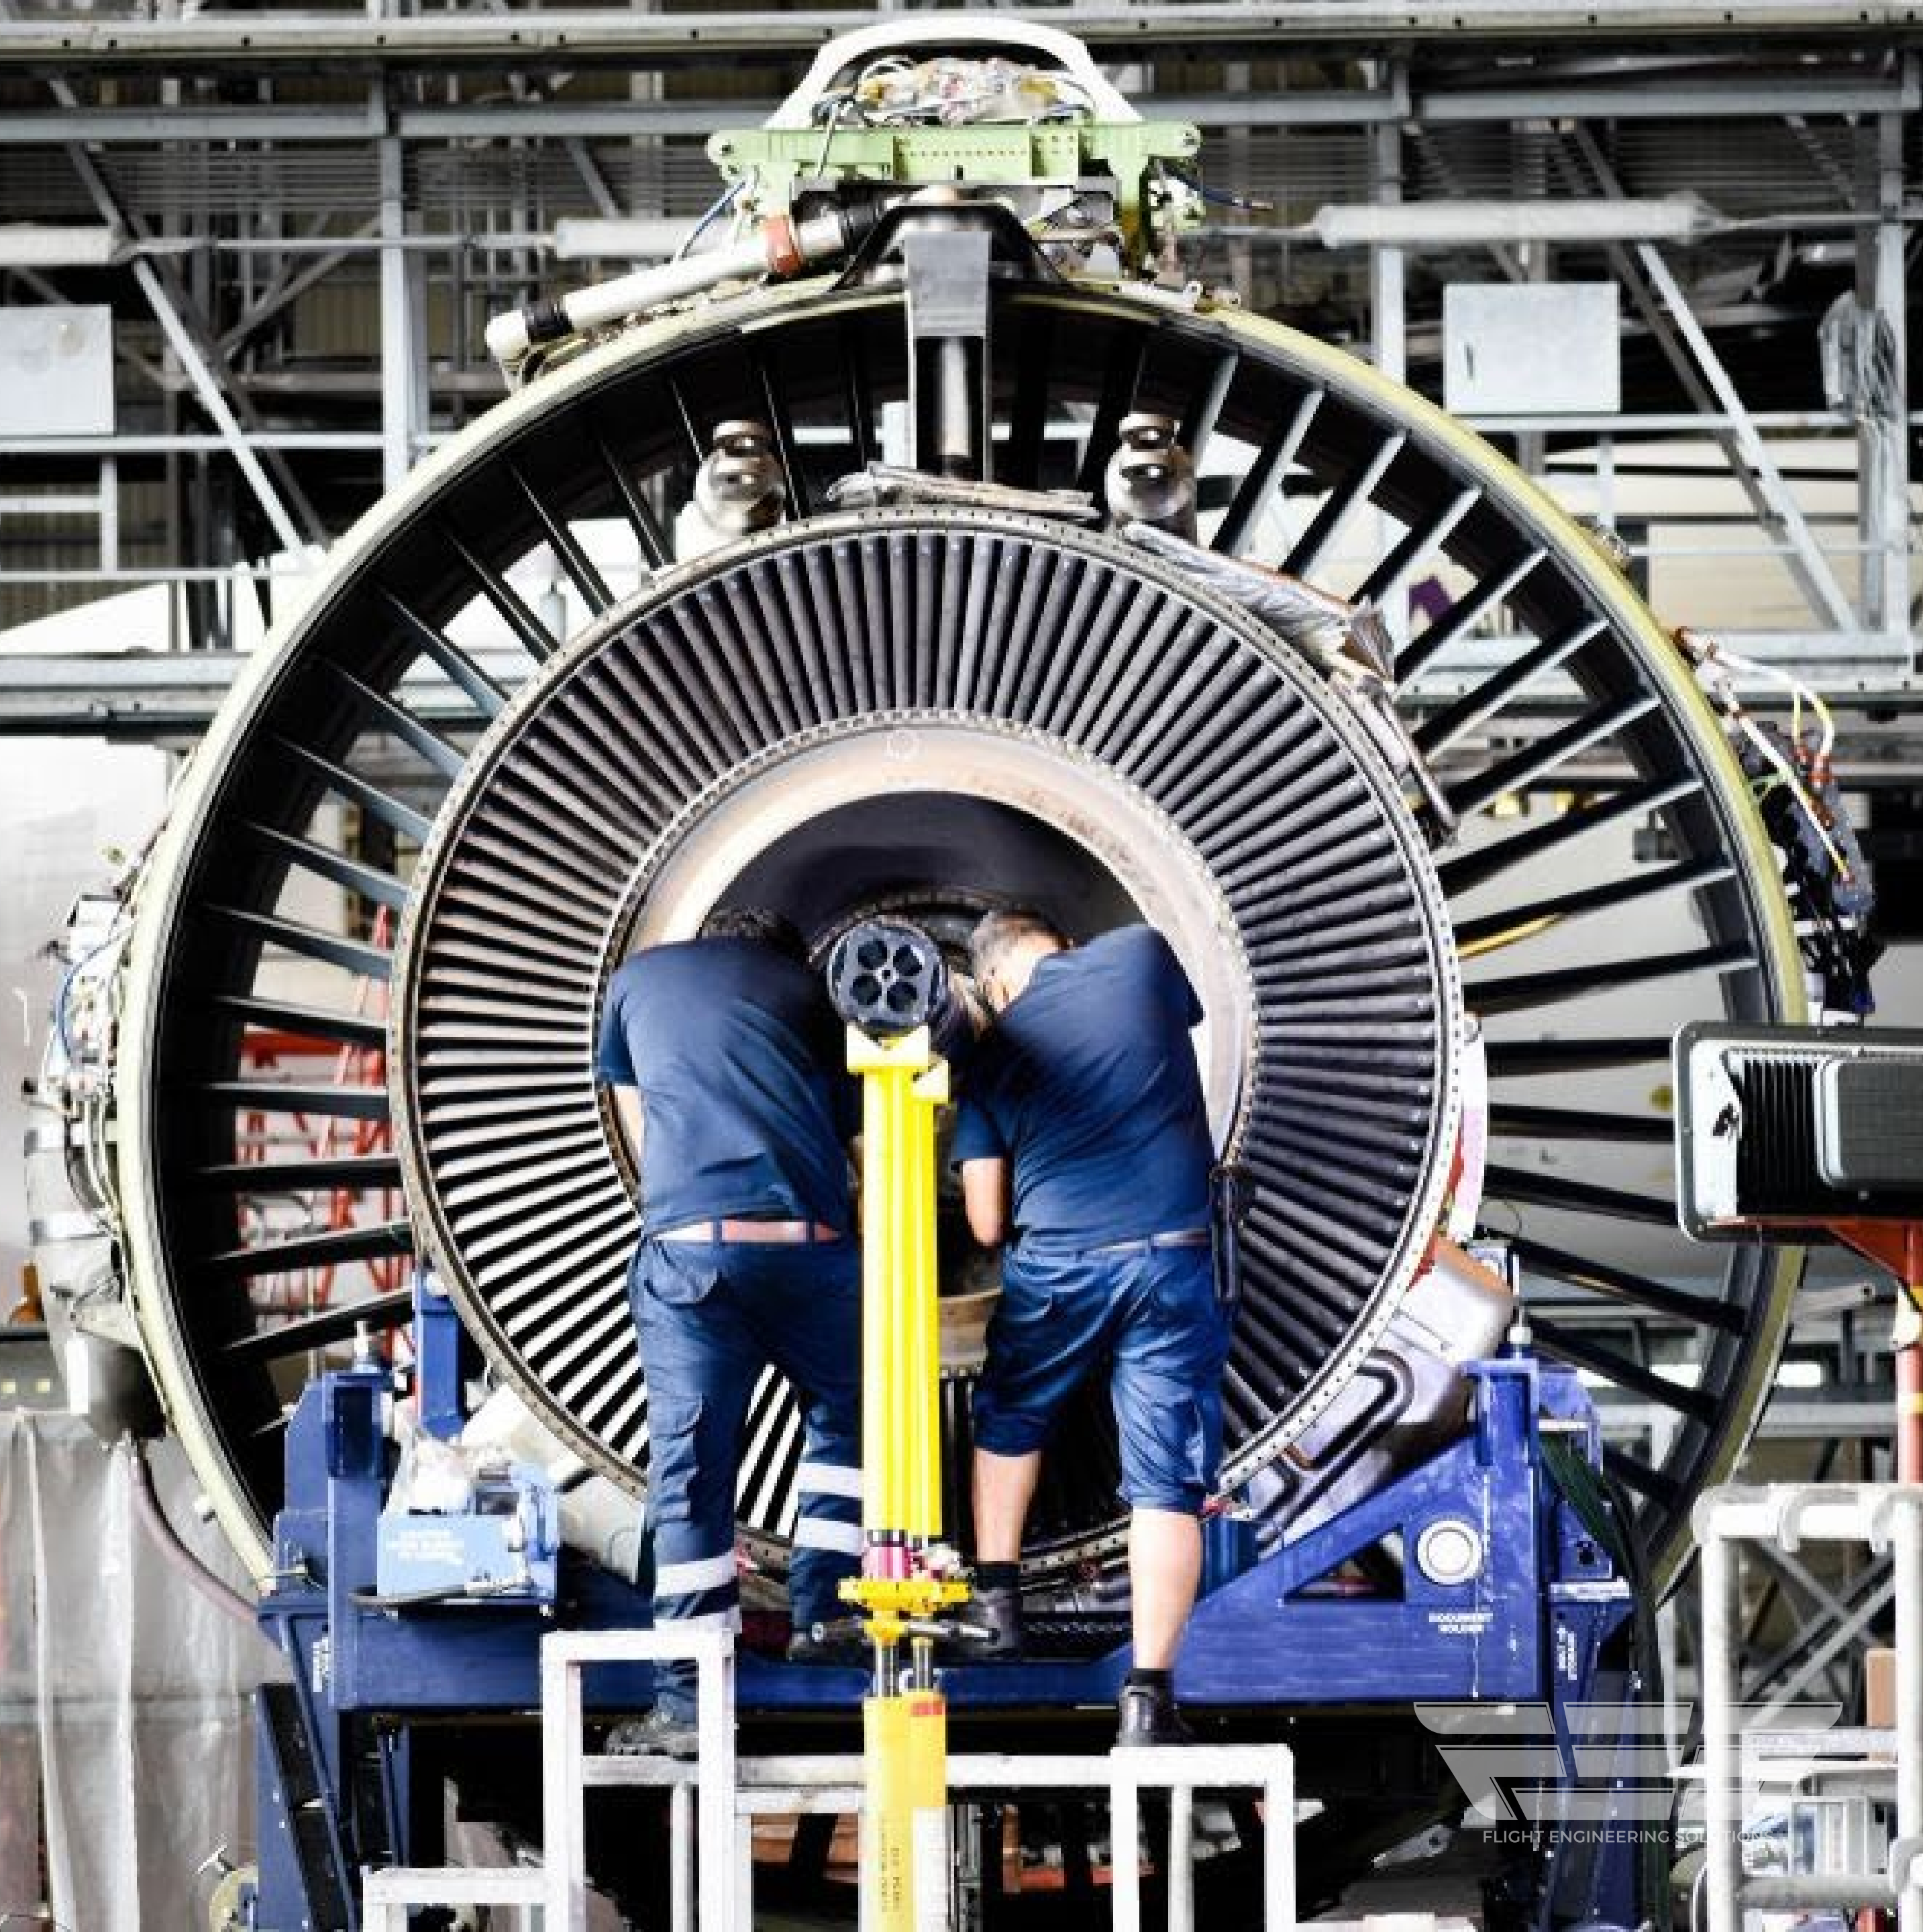

- **Repair**

We offer a comprehensive repair and inspection service, utilizing high-quality parts and advanced techniques to restore aircraft to their optimal condition. Our team is equipped to handle repairs of all types, including minor repairs, major components, and systems.

- **Update and Modification**

We provide comprehensive overhauls of aircraft or systems, including upgrades and modifications aimed at enhancing the performance and efficiency of the fleet.

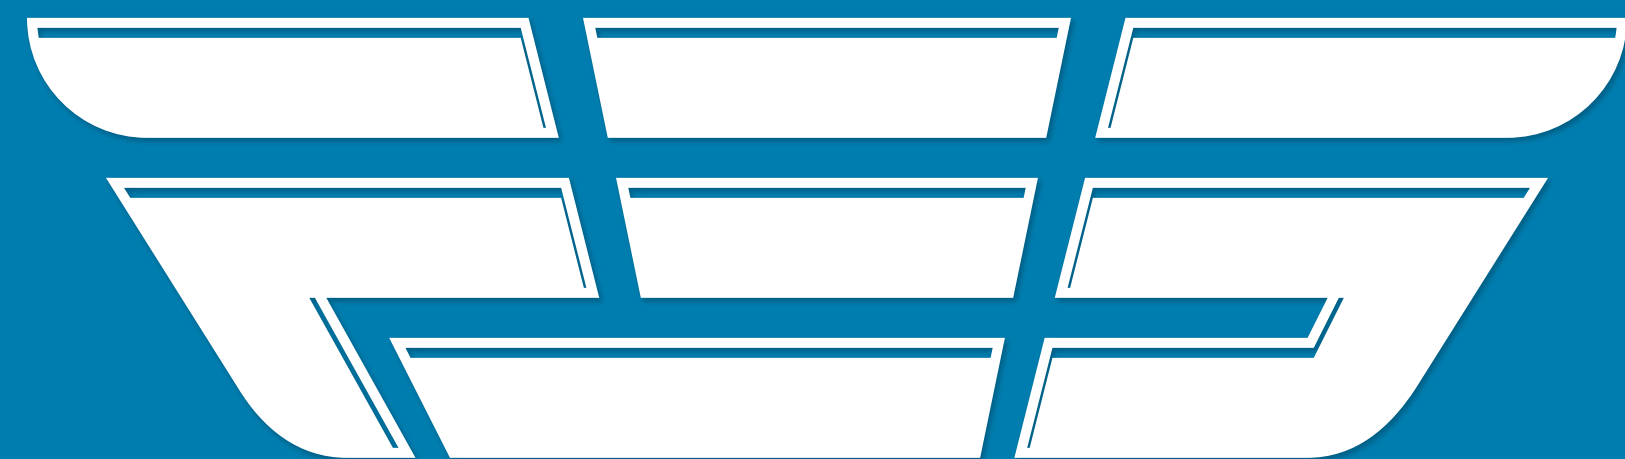

PARTS AND SPARES

In **FES**, we understand the importance of having high quality parts and spares. We offer a wide range of components for each system of the aircraft as:

- Propulsion and fuel.
- Electrical and hydraulic.
- Avionics and communication.
- Aeronautical parts.
- Cabin and comfort equipment.
- Others
